Sir:

Applicants wish to thank the Examiner and the Supervisory Patent Examiner for the respective telephone interviews of January 23, 2003 and January 24, 2003. During the interviews, the undersigned requested clarification of the reference teachings relied upon as allegedly disclosing limitations of claims 6, 7, 9, 10 and new claims 43-48. The telephone interview with the Examiner failed to result in the indication of any allowable subject matter. During the interview with the Supervisory Patent Examiner, it was indicated that the current asserted prior art references of record fail to disclose or suggest limitations of claims 9, 10 or new claims 43-48. The undersigned agreed to submit an After Final Response responsive to the concessions made during the telephone interviews. It was

represented to the undersigned that prosecution would be reopened if the claims are not found to be allowable.

Applicants respectfully request allowance of all pending claims.

The Examiner is requested to phone the undersigned if the Examiner believes such would facilitate prosecution of the present application. The undersigned is available for telephone consultation at any time during normal business hours (Pacific Time Zone).

Respectfully submitted,
